

We are excited to announce another year of the Employment Professional Certificate Program being offered for those working in the Puget Sound area or in the Vancouver/Portland area.

This program is offered for professionals who provide employment support to individuals with developmental disabilities and play an integral role in assisting people to become contributing members of their community.

The program will offer high quality training taught by skilled professionals, and is intended to build on the skills of the students, offering opportunities for networking with others in the field, and serve as a building block for future leaders in supported employment.

Who We Are

About Us

This program is offered through Highline College in collaboration with WISE, O'Neill and Associates, and the Washington State Developmental Disabilities Administration (DDA) with support from counties and agencies throughout the state.
